Dear colleagues,

You are cordially invited to a seminar on November 19<sup>th</sup> 2003, 14h00– 17h00  
on Performance Analysis at IFRESI, 2 rue des Cannoniers, Lille (FRANCE).

## PROGRAM

### Invited speakers:

- Philippe VANDEN EECKAUT, University Charles de Gaulle, Lille III, "Overview of past and actual studies in performance analysis"
- Laurens CHERCHYE, Catholic University of Leuven (B), "The nonparametric approach to optimizing behavior: An economics perspective".
- Kristiaan KERSTENS, CNRS–Catholic University of Lille, "Short- and Long-Run Credit Constraints in French Agriculture"

In addition to these three presentations, we intend to use this first meeting as an opportunity to discuss the future activities of GAPEM. A presentation of this group is included as attachment. You are invited to participate in this event and all future activities.
